New member Fees

New members pay the Joining Fee plus the Monthly Fee corresponding to the month joined. If the new member joins on the first day or the last day of the month, the fee will be the same as the monthly fee for that month.

Membership Renewal

Membership lasts for six months only. Members of the club are asked to renew their membership each March and September of every year, which is \$72.00 per member.

Membership periods

1st April to 30th September

1st October to 31st March

Additional Fee

New members joining the club in March or September, will be asked to pay for the following six months as well, which will be an additional \$72.00. This is to avoid asking the new member to pay fees twice in the same month. It's just easier to pay the joining fee and the monthly fee, plus the renewal fee for the next six month's membership all at the one time, as shown in the schedule.

Payment Methods

Cash (at meetings only), Cheque, Money Order or Direct Credit.
